***AUDIT APPROACH***

---

## *Audit Approach*

I have conducted the audit in accordance with Nigerian Standards on Auditing – NSAs (International Standards on Auditing –ISAs). Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected were based on my judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

The audit carried out also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Accountant General, as well as evaluating the overall presentation of the financial statements. However, because of the inherent limitations of an audit, together with the inherent limitations of internal control, there might have been unavoidable risk that some misstatements may not be detected, even though the audit is properly planned and performed in accordance with NSAs.

**STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies adopted in the preparation of the financial statements of Adamawa State Government of Nigeria ("the State"), which underlie the financial information, are set below:

**IPSAS CASH BASIS OF ACCOUNTING**

The IPSAS Cash Basis of Accounting recognizes transactions and events only when Cash (including Cash Equivalents) is received or paid by the MDAs. GPFS prepared under the IPSAS Cash Basis provide readers with information about the sources of Cash raised during the period, the purposes for which Cash was used and the Cash balances at the reporting date. The measurement focus in the GPFS balances are Cash and changes during the period.

Notes to the GPFS provide additional information about liabilities, including payables and borrowings, and non-cash assets that include receivables, investments, etc.

This Accounting Policy addresses the following fundamental accounting issues:
